

CONNECTABLE HYDRAULIC SHEAR 264kN

Hydraulic vertical shear, intended mainly for cutting busbars.

Hydraulic shear 700 bars single acting :

- Vertical stand.
- Ideal for cutting busbars in Cu and Al.
- Very precise cuts.

Characteristics

Operating pressure	70 MPa (700 bars)
Force	264 kN (26 tonnes)
Shearing width max	160 mm
Thickness max	15 mm
Material	Cu & Al
Dimensions L x l x h	Height 458 mm
Masse	28 kg

NOTE : Specify the hydraulic coupling type when ordering
